WALTER NATHANIEL RIDLEY

GREETINGS TO THE CLASS OF 1966:

You have the distinction of being the Class to graduate during the College's 75th or Diamond Anniversary year. In the years to come, may each member of this Class win other distinctions in whatever becomes his or her vocation.

Two guides may be of help in this connection: "distinction" means "getting special recognition or honor; fame; eminence." It is the "quality that makes one seem superior."

A "Diamond," of course, is a substance of great value, durability, and brilliance. The latter two qualities contribute to the enhancement of the first.

According to these directions, then, that member of the Class of 1966 who shows qualities to make him or her seem superior, whose durability for hard and good work becomes proven, and whose occasional brilliance in execution of tasks marks the calibre of duty performed, is that Class member who will win distinction and who will become another Diamond among the ranks of alumni of this institution.

Mrs. Ridley and I wish every one of you courage, faith, health, and favor with God, so that you will be able to accomplish the tasks you undertake with distinction and Diamond-like quality.

Upon the centennial of ECSC, may the record show that the Class of 1966 was indeed a Diamond Anniversary Class from the excellence of its works.

Very sincerely yours,

Walter N. Ridley
President

An abstract graphic design featuring a central white rectangular area. To the left, a thick black diagonal line and a thin black diagonal line intersect at the top left corner of the white area. To the right, a series of grey lines radiate from the right edge of the white area, some ending in small grey dots. Below the white area, a series of grey lines radiate from the bottom edge, also some ending in small grey dots. A large, solid grey shape is positioned at the bottom right, and a solid black shape is at the bottom center. The background is a light beige color.
